Dear Judge Shapiro, 12/8/2015

I have written numerous letters to Mr. Kunz in reference to Civil Action 14-cv-6036 with no response from the Clerk of Courts.

My name is Everett Keith Thomas, PP# 681220, and I am currently housed at the House of Corrections located at 8001 State Road, Philadelphia, Pa 19136. Your Honor I am willing to pay the $350.00 filing fee over time if my forma pauperis is granted. I request to continue litigation against the City of Philadelphia Prison System.

I have written the Clerk of Courts with actions of retaliation by the House of Corrections such as my phone pin numbers has been changed several time without my knowledge and I was not able to communicate with my attorney for my preliminary hearing in Court.

So the House of Corrections denied me access of communication to legal representation with a open case pending in Court. The House of Corrections also held my legal mail for 14 days and never sent my mail to the Clerk of Courts for the United States District Court. I am enclosing the D-Form that was sent back to me with the letter, and I had funds on my account to send the letter with the D-Form. So the House of Corrections have denied me the right to access the Courts.

I have suffered injuries at the hands of the House of Corrections (I have sent in the sick calls for spider bites of the throat and insect bites to the face and prescriptions for the medications)

The building I'm being housed in has been considered condemned. There has been a death of an inmate on housing unit C1 because there are no emergency call buttons within the cells. I have lead paint and Black Mold in my cell with an infestation of roaches and mice.

Asbestos is falling from the ceilings on the housing unit. There are no fire alarm boxes or fire suppression system on the housing unit. The smoke detectors do not work. The exposed plumbing on the housing unit where an inmate can either easily make a weapon or if I'm pushed or I slip I can easily impale myself causing serious bodily harm or death.

The House of Corrections is and should be under investigation an officer here by the name of Kindle has already pled guilty of bringing in drugs and cell phones to the inmates. The drug K2 is being smoked on a constant basis here and $2000.00 worth of K2 was found on a shakedown of housing unit C2 but no report was written up to say it was found as even existed the guards Cover up the truth here at the House of Corrections. The officers here such as Sergeant Crawford are suppose to be of professional Conduct but I asked to speak to Sergeant Crawford one day by Center Control and she responded by saying FUCK NO AND DO YOU KNOW ME!

I have slepted in the blue boat at the Curran Fromhold Correctional Facility where I've been urinated on by a dope sick cell mate who missed the open toilet that I was sleeping less than 24" away.

At the age of 53 years of age I was tripled celled at the House of Corrections top bunk where I had to jump from a top bunk to get off the bed, and now my back and knees are in severe pain. And How did the medical staff at the Curran Fromhold Correctional Facility medically clear me to be transferred from a Quarantine housing unit the House of Corrections without checking my tuberculin (TB) skin implant (PPD) within 48 to 72 hours? My skin implant was never checked and has never been checked till this day! So I was not the only person they have done it to.

So the City of Philadelphia Prison System, Curran Fromhold Correctional Facility has and was negligent medically by transferring me with inmates with infectious diseases. So I am asking the Courts Your honor to see that the City of Philadelphia Prison System Curran Fromhold Correctional Facility and the House of Corrections are held responsible for the following.

1. Medical Negligence
2. Denied Access to legal Counsel
3. Denied Access to the Said Courts
4. Cruel and Unusual Punishment
5. Pain and Suffering
6. Mental Anguish

And Your honor I am willing to work with the federal authorities to stop some of the Corruption within the House of Corrections see they have to do is inform me what needs to be done!

I request that a federal Court Order is sent to have the House of Corrections stop the retaliation because of this Civil Action.

I thank You for Your time and patience in this matter herein.

Sincerely
Everett Keith Thomas
